

Join the Launchpad team

Launchpad Champions presenters bring hope and aroha to the children of Aotearoa. Join a team that supports values important to family, school and communities.

Launchpad – Christian Values Education - formerly known as Bible in Schools.

Join us in educating our children about values and giving them an understanding of Christian heritage.

Our Launchpad Champions programme is a fun 30-minute session that encourages children to make positive life choices and grow their sense of mana, self-worth and character.

Stories are presented from the Bible and NZ Māori History through the art of kōrero (story-telling), multimedia, interactive games and activities. Each lesson has a specific learning outcome and reinforces the values found in the New Zealand Curriculum.

Join Us

We are looking for volunteers to go into schools as presenters and helpers.

Training is available – Contact us today.
